## RELIABLE HANDHELD COMMUNICATIONS

The RockSTAR Pro Two-Way Messenger is a truly global communication device and tracking system. It allows you to send and receive short messages from anywhere on Earth with a clear view of the sky. It works far beyond the reach of WiFi and GSM networks. The unit is waterproof, ruggedized, and built to withstand the most challenging environments.

The RockSTAR Pro also allows short messages (such as SMS, social media updates, and short emails) to be sent using a paired Bluetooth device (e.g. a smartphone) and the Messenger app. This allows for full two-way communication wherever you are, even when out of mobile network range.
